

## **NCPF Holds 2nd Qtr Board Meeting on the Farm**

Hosted by the NC State University's Prestage Department of Poultry Science

Raleigh... The North Carolina Poultry Federation held its 2nd Quarter Board of Directors meeting June 11 at NC State University's CALS Lake Wheeler Field Lab. Jeff Hancock, 1st VP of the Federation, presided in the absence of President Dan Peugh. After the Federation business concluded, Prestage Department Head Dr. Mike Williams introduced the speakers who then presented science research updates as a follow-up to target areas prior identified by NCPF, which serves as the Advisory Board for the Prestage Department. Faculty and staff members who shared their expertise and encouraged questions from the floor were: Lynn Worley-Davis, Kim Livingston, Matt Koci, Ramon Malheiros, Chris Ashwell, Donna Carver, Carm Parkhurst, Mike Wineland, Kathy Bunton, Ken Anderson, Jesse Grimes, Adam Fahrenholz, and John Brake.

*(L to R) ...What appears to be blue aliens are actually completely unidentifiable members of NCPF, NCSU faculty, NCSU staff, various visiting vets and nutritionists— all preparing for a poultry house tour.*

Prestage Department provided box lunches during the working presentation session at the J. Edward Booth Field Learning Lab, and the day concluded with tours of the farm's poultry houses, feed mill, and waste management area— with appropriate attire donned for each area.
